Re: Incidental Boundary Change on Federal Coal Lease U-06039, PacifiCorp, Deer Creek Mine, ACT/015/018-98A, File #3, Emery County, Utah

Dear Mr. Semborski:

The Division has reviewed your revised application for a 50 acre Incidental Boundary Change (IBC) at the Deer Creek Mine. At this point, your application is essentially approvable, but there are still some things that must be accomplished before we can issue approval and a revised permit. You need to obtain right-of-entry. While a lease modification has been applied for, we cannot issue a permit until the lease modification has been issued. We will also need to receive consent from the Forest Service on your proposed plans.

We have included a copy of the technical analysis for this project for your information and to remind you of some of the commitments and information that you will need to submit upon approval of this permitting action. Please review it carefully. If you have any questions please contact me or Sharon Falvey at (801) 538-5260.

Sincerely,

Daron R. Haddock  
Permit Supervisor
